About ElectroGadz

ElectroGadz is a modern electronics gadgets e-commerce platform built to make gadget shopping easy, fast, and trustworthy. It features curated categories, trending products, exclusive deals, and top brand highlights all within a clean, intuitive interface that ensures customers can smoothly explore, compare, and purchase the latest electronics with confidence.

Design Process

The UX design process is a cyclical workflow of researching, conceptualizing, designing, and validating solutions that improve user satisfaction and product success.
